“ When I think of Steve, two things come to my mind. First, his easy going laugh, I can hear it in my mind right now. The second memory is when I was in grade school playing a game of football with the entire clan. Steve, who was likely already out of high school, through a long pass to me which I somehow caught while in a crowd. His excitement and compliments on my catching the ball made me feel so good. It's been 40 years and I remember it like it was yesterday. I wish I had told him that I still remember it. God Bless you Steve.

“ I was just thinking of steve as I was telling my kids about my first job at the chicken place downtown beloit. Steve was a manager and got me the job, how we sometimes made a little extra chicken close to closing time so we could take the leftovers home. He was a great guy and the world is a poorer place without him. Prayers to his family.

“ Steve was a great friend as went through Turner together. We shared many moments together and was an incredibly kind and caring friend. Some of my greatest memories from high school were from times spent around the kitchen table at my folks home having pregame meals with Steve. Rest In peace my friend, your infectious smile is forever etched in my mind.
